

GENERAL TERMS AND CONDITIONS FOR LENDING TO PRIVATE CLIENTS OF PROCREDIT BANK (BULGARIA) EAD

I. GRANTING THE LOAN: CHANGES IN THE CONTRACTUAL RELATIONSHIP

1. The loan shall be granted after the Borrower/Co-Debtor/Guarantor (hereinafter the “Borrower”) has provided ProCredit Bank (Bulgaria) EAD (hereinafter the “Bank”) with all required documents, the Loan Agreement has been signed, the agreed collateral has been provided and established in the order arranged by law, all relevant fees and commissions have been paid, and all conditions have been fulfilled as set out in the Loan Agreement and these General Terms and Conditions.

2. The Borrower/Co-debtor shall be obliged to open and maintain a current account with the Bank in the currency of the loan for the whole period until the final repayment of all his/her obligations pursuant to the Loan Agreement and to be registered as a user of the Bank’s online banking system “ProB@nking” for the same period.

3. The content of the Loan Agreement may be amended only by mutual agreement between the parties expressed in writing, except for cases in which the Bank is entitled to effect a unilateral change upon the occurrence of a prerequisite as stipulated in the Loan Agreement and/or in these General Terms and Conditions. For changes in the conditions of the Loan Agreement, other than the changes initiated by the Borrower/Co-debtor, the latter shall owe a fee for the drawing up and processing of the documents in accordance with the Bank’s Price List for Private Clients of ProCredit Bank (Bulgaria) EAD.

4. For loan agreements for overdrafts, the Bank shall perform financial monitoring at least once every 12 months from the date of signing the Loan Agreement. On the grounds of the findings of such monitoring, the Bank has the following rights:

- to renew the overdraft facility under the same period and conditions stipulated in the signed Loan Agreement and neither Party shall be required to sign an Annex to the agreement;
- to renew the overdraft facility under new conditions - in this case the Parties shall sign an Annex to the Loan Agreement in which the new loan parameters are set out;
- to refuse to allow further utilisation of funds of which the bank shall notify the Borrower. The Borrower is entitled, within 7 (seven) days of the receipt of the notification, to sign an annex for the extension of the use of the overdraft at a lower limit. Should not an annex for a lower limit be signed, on the expiry of the 7-day term the utilized limit shall be transformed into a loan of equal monthly instalments and the Bank shall announce the repayment schedule in the ProBanking online banking system.

5. The Bank shall be entitled to transfer its rights and/or obligations under the Loan Agreement to third parties in compliance with the respective provisions of Bulgarian legislation. The Borrower may only transfer his/her rights and/or obligations under the Loan Agreement to third parties with the prior written consent of the Bank.

II. FEES, COMMISSIONS AND COSTS RELATED TO THE LOAN

6. ProCredit Bank (Bulgaria) EAD charges fees and commissions for the use of the loan and the current account used for servicing the loan in accordance with the Bank’s Price List for Private Clients prevailing at the time of collection. The Bank may unilaterally change such fees and commissions by changing its Price

List for Private Clients of ProCredit Bank (Bulgaria) EAD, in accordance with the General Terms and Conditions for Lending to Private Clients and its General Terms and Conditions for Payment Services, at the occurrence of prerequisites, as set out in item 11 of these General Terms and Conditions. Should the Borrower object to such changes he/she shall be entitled to terminate the agreement for the respective services, which shall result in the termination of the Loan Agreement. Should no objection be expressed, the Bank shall assume that the Borrower accepts the changes in the Price List for Private Clients. For loans secured with pledge on funds kept in deposit/savings accounts, the Borrower shall pay a fee for a notarised certified copy of the Collateral Pledge Agreement/Consumer Loan Agreement. For loans secured by a mortgage, the Borrower shall pay the fees stipulated in the Price List for Private Individuals for processing the documents submitted for granting a loan, for issuing/updating the collateral assessment and for issuing of documents for registration and cancelling of the mortgage as set out in the Price List for Private Clients; the Borrower shall also pay any notary and official state fees for registration, renewal and cancellation of collateral.

7. The Annual Percentage Rate (APR) for the loan represents the total costs of the loan, both current and future (interest, other direct and indirect costs, and commissions), expressed as a percentage of the total loan amount on an annual basis. Costs which occur in the case of nonperformance on the part of the Borrower of his/her obligations under the Loan Agreement are not considered in the APR calculation.

The Annual Percentage Rate (APR) depends on the type of loan, its term and amount. The exact APR is set out in the Loan Agreement and the Loan Repayment Schedule, which represents an integral part of the Loan Agreement. APR is calculated based on the following assumptions:

- a) For consumer loans – it is assumed that the loan amount will be utilised in full and the original conditions set out in the Loan Agreement for the term and repayment schedule of the loan will apply.
- b) For consumer overdrafts – it is assumed that the overdraft amount will be utilised in full for a 12-month period and the Borrower will perform his/her obligations in accordance with the terms and conditions set out in the Loan Agreement.
- c) For credit cards – it is assumed that the credit limit will be utilised in full for the whole contractual period and the Borrower will perform his/her obligations in accordance with the terms and conditions set out in the Loan Agreement.
- d) For housing loans and mortgages – it is assumed that the loan amount will be utilised within the contractual period and that the terms and conditions set out in the Loan Agreement and its repayment schedule will apply.

When calculating the APR, all general provisions which apply to the loan and the additional assumptions as per Appendix 1 to Article 19 of the Consumer Loans Act as well as Appendix 1 to Article 29 (2) of the Act on Consumer Loans for Immovable Property of the consumers are also taken into consideration. The information contained in the original repayment schedule is valid only until a change has been made in the interest rates or the additional costs, in accordance with the signed Loan Agreement.

III. INTEREST RATE CALCULATION

8. The interest rates for each type of loan are listed in the Interest Bulletin, which is published on the Bank's website. The specific interest rate is set out in the Loan Agreement and may be changed by the

Bank unilaterally upon occurrence of the prerequisites set out in the Loan Agreement and in item 11 of these General Terms and Conditions.

9. Interest on the outstanding loan amount is accrued from the disbursement day, monthly, on the basis of the actual number of days in the month/360 (three hundred and sixty) for all types of loans to private clients disbursed on or after 1 July 2010. The 360/360 (three hundred and sixty) interest accrual basis applies to all loans to private clients disbursed prior to 1 July 2010, except for loans with repayment schedules which have been changed due to restructuring or other changes to their repayment schedules, for which the applicable interest accrual basis is the actual number of days in the month/360 (three hundred and sixty).

10. An exception to the rule in the previous section applies to overdrafts, for which the annual interest rate is accrued on the basis of the actual number of days/360 (three hundred and sixty) on the actual outstanding loan amount; this rule applies to all overdrafts which are approved and disbursed on or after 1 July 2010. The 360/360 interest accrual basis on the actual outstanding loan amount is applied to all overdrafts approved and disbursed prior to 1 July 2010. Interest accrues daily, based on the outstanding loan amount as of that day; interest is charged once per month on the first business day of the following month. The Borrower is obliged to ensure that the balance available in his/her current account with the Bank on the interest payment day is sufficient to cover the payment of all due interest in order to avoid exceeding of the approved overdraft limit.

11. The Bank has the right to unilaterally change the total costs (interest and fees) payable under the Loan Agreement upon occurrence of any of the following circumstances:

11.1. Changes in legislation and in regulations of the Bulgarian National Bank (BNB), the Ministry of Finance and the European Union which affect banking operations and requirements;

11.2. Changes in the BGN-EUR and EUR-USD exchange rates and/or changes in the EURIBOR reference interest rate index;

11.3. Changes in the current account maintenance fee due to an increase in the inflation rate, as measured by the consumer price index;

11.4. Changes in the fees for insurance and/or collateral valuation resulting from new prices offered by the insurance agency or the company performing collateral valuation.

12. The Bank shall inform the Borrower in a timely manner about the change and its effective date as well as about the new repayment schedule with a notification sent via ProBanking, the Bank's online banking system or otherwise as set out in p. 27 of these General Terms and Conditions. The Parties to the Loan Agreement are not required to sign an Annex or an additional agreement to the Agreement in connection with a unilateral change in the total costs of the loan as described above.

13. Should the Borrower object to the change in the total cost of the loan, including the interest rate, he/she has the right to make an early repayment of the loan liabilities before the change comes into effect, together with the interest originally agreed for the period of the actual use of loan and without being required to pay an early repayment fee.

14. The annual interest rate applicable to the loan can either be fixed or floating. If the interest rate is floating, it is determined every six months and is the sum of the six-month EURIBOR index plus the

individual margin set out in the Loan Agreement. The applicable level of the six-month EURIBOR index is determined as follows:

- For the initial period – the EURIBOR rate fixed on the business day immediately preceding the day on which the Loan Agreement is signed.
- For all subsequent periods – the EURIBOR rate fixed on the last business day immediately preceding the date of the last instalment made under the repayment schedule for the previous period.

If the annual interest rate calculated using this method is lower than the minimum interest amount, set out in the Loan Agreement, then this minimum interest amount shall apply for the respective period. More information on the level of the reference index can be found on the Bank's website: www.procreditbank.bg.
